

Review Form 3

Journal Name:	Physical Science International Journal
Manuscript Number:	Ms_PSIJ_126932
Title of the Manuscript:	Exploration of the Specific Forms of Electron Spin
Type of the Article	

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	It is the key to unraveling the mysteries of basic particle composition and structure, as well as the origin of the universe. It can be said that the significance of establishing and improving spin theory far exceeds the discovery of universal gravitation and Coulomb's theorem	
Is the title of the article suitable? (If not please suggest an alternative title)	yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, the summary is comprehensive.	
Are subsections and structure of the manuscript appropriate?	yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The manuscript is technically sound but scientifically not as strong as it should be	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	no	

Review Form 3

Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	yes	
Optional/General comments	1- What is the benefit of this research and what are its modern practical applications? 2- Too many keywords preferably 5. 3- The conclusions are too many to mention. What is the benefit of this study and its applications? 4- The references are few and there is no comparison of the results with published research in the same line. 5- There are no modern references, most of them are old.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
