

**Review Form 3**

Journal Name:	<a href="#">Asian Journal of Fisheries and Aquatic Research</a>
Manuscript Number:	Ms_AJFAR_127248
Title of the Manuscript:	Use of Fern Leaf Extract ( <i>Diplazium Esculentum</i> ) in Raw Fish Feed on Growth and Feed Conversion Ratio in Mangrove Crab ( <i>Scylla serrata</i> )
Type of the Article	

**PART 1: Review Comments**

<b>Compulsory</b> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This manuscript is significant for the scientific community as it explores an innovative and sustainable approach to aquaculture feed development. By evaluating the use of fern leaf extract ( <i>Diplazium esculentum</i> ) in raw fish feed for mangrove crabs ( <i>Scylla serrata</i> ), it contributes to the growing body of research on cost-effective, eco-friendly feed alternatives. The study's findings on growth performance and feed conversion ratios offer valuable insights for enhancing crab aquaculture practices while reducing reliance on traditional, resource-intensive feed ingredients. This work holds potential for promoting more sustainable practices in the aquaculture industry.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, the abstract of the article comprehensive.	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Please, add picture for <i>Scylla serrata</i> and <i>Diplazium esculentum</i> . Experimental design is not clear please add more explain on figure 1. Mention in introduction the economic important for <i>Diplazium esculentum</i> .	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. :	Yes, the references are sufficient and recent.	

**Review Form 3**

Minor REVISION comments <b>Is the language/English quality of the article suitable for scholarly communications?</b>	<b>The article needs English grammar editing.</b>	
<b>Optional/General</b> comments		

**PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>	

**Reviewer Details:**
