

Review Form 3

Journal Name:	Journal of Advances in Microbiology
Manuscript Number:	Ms_JAMB_127607
Title of the Manuscript:	Dermatophytes From Animals In The Malwa Region Of Punjab: A Preliminary Study
Type of the Article	Original Research Article

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The introduction gives a background on Dermatophytes and and their Isolation. The Materials , Methods and Results is extensive but lacks , Genera and speseces fungal and also type of Animals infected	
Is the title of the article suitable? (If not please suggest an alternative title)	The manuscript title "Dermatophytes From Animals In The Malwa Region Of Punjab: A Preliminary Study" suggests the article's focus on Dermatophytes and their Isolation. For improved clarity, a more precise title such as "Isolation and identification of Dermatophytes From some Animals In The Malwa Region Of Punjab " is suggested.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	the abstract of the article comprehensive	
Are subsections and structure of the manuscript appropriate?	Although I am not a native speaker, I believe that the writing needs attention to grammar and syntax, as frequent errors disrupt clarity.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Overall, this article provides a diagnosis of Dermatophytes and their role in infection of animal and human . However, to meet high-impact journal standards, revisions are needed in structure, syntax, and scientific rigor.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references are comprehensive and relevant but lack consistent formatting. Please ensure all references follow the required citation style. Additionally, updating some older references with recent studies would enhance the manuscript's relevance.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?		
Optional/General comments
