Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This study is important for the community because it may help in prediction of treatment response for this category of age group (adolescent) and may help in predicting prognosis	
Is the title of the article suitable? (If not, please suggest an alternative title)	I suggest clinicopathological characteristics instead of clinical characteristics	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	My suggestion (Clinicopathological characteristics of pTc in adolescents (ages 10-19 years) have not been widely studied, this may influence patient management strategies).	
Is the manuscript scientifically correct? Please write here.	Yes	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References are recent but not sufficient and I suggest addition of them as I referred to them in the manuscript correction which will be sent to the author (pdf)	
Is the language/English quality of the article suitable for scholarly communications?	Yes, suitable	
<u>Optional/General</u> comments
