

Review Form 3

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_127467
Title of the Manuscript:	Understanding of Organic fertilizers in Indian context: A Review
Type of the Article	Review Article

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This manuscript holds significant value for the scientific community, particularly in addressing the critical role of sustainable agriculture. As India grapples with soil degradation and environmental concerns stemming from excessive chemical fertilizer use, this review provides a comprehensive analysis of the benefits and challenges of adopting organic fertilizers. By synthesizing current research and practices, it offers insights into improving soil health, enhancing crop productivity, and promoting eco-friendly farming practices. Furthermore, the manuscript highlights region-specific challenges and opportunities, fostering a deeper understanding that can guide policymakers, researchers, and farmers toward more sustainable agricultural systems in India.	
Is the title of the article suitable? (If not please suggest an alternative title)	yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract is appropriate. Keep the keywords limit to 5	
Is the manuscript scientifically, correct? Please write here.	Some spelling mistake are available in the manuscript, please check it.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References seemed to be sufficient, but references not recent, everything is below last 10 years. Include the references for the last 10 years	
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments	Include the recent references with last 10 years and check the spelling in the manuscript	

Review Form 3
