### Review Form 3

#### **PART 1:** Review Comments

<b>Compulsory</b> REVISION comments	<b>Reviewer's comment</b>	<b>Author's Feedback</b> (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The manuscript will contribute to the scientific community both in terms of publication quality and information content as well as its main topic.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title is appropriate and complementary to the content of the study.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The summary is comprehensive, but somewhat lacking in content. The abstract should include more information about the findings of the study.	
Are subsections and structure of the manuscript appropriate?	The subsections and structure of the manuscript are appropriate.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The results obtained from the article are consistent with previous studies. The results confirm each other. The research contributes to the scientific studies to be carried out later. The main theme of the article is important both for the region and for academic data.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References are up to date. Appropriate references are given in each chapter. However, better studies and statistical data should be used. The references given in both the introduction and the findings and discussion sections of the study are insufficient.	
<b>Minor</b> REVISION comments  Is the language/English quality of the article suitable for scholarly communications?	The spelling of the article is appropriate and the English quality is good.	
<b>Optional/General</b> comments	The article is suitable in general terms. However, there are necessary corrections. Attention should be paid to references, units, tables and punctuation.  There is no suspicion of plagiarism. There are no competing interests in this article. There are no ethical issues in this article.  <b>PLEASE SEE ATTACHMENT</b>	

#### **PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
