

### Review Form 3

Journal Name:	<a href="#">Journal of Applied Life Sciences International</a>
Manuscript Number:	Ms_JALSI_126271
Title of the Manuscript:	Perception of Childhood Routine Immunisation among Adults in Selected Communities of Ido Local Government Area, Ibadan, Oyo State, Nigeria
Type of the Article	

#### PART 1: Review Comments

<u>Compulsory</u> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Immunisation is a way of protecting serious diseases. Once we've been immunised, our bodies are better able to fight these diseases if we come into contact with them. Parent's ideas and practices regarding routine childhood vaccination may be influenced by their beliefs regarding the benefits and risk perception of vaccines. This manuscript is recommended to educate the people about the importance of childhood vaccination.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	It is comprehensive	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Vaccination is a simple, safe, and effective way of protecting against diseases before you come into contact with them. Studies show that vaccines create childhood immunity 90% to 100% of the time. They mostly and sometimes completely eradicate illnesses. This manuscript is technically sound and has few grammatical mistakes.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Sufficient	
<u>Minor</u> REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes	
<u>Optional/General</u> comments
