

### Review Form 3

Journal Name:	<a href="#">Asian Journal of Research in Infectious Diseases</a>
Manuscript Number:	Ms_AJRID_126305
Title of the Manuscript:	Social and Health Inequality in Nigeria: A Survey of Ajegunle Slum Dwellers of Lagos State
Type of the Article	

#### **PART 1: Review Comments**

<b>Compulsory</b> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Research subject is very relevant for third world countries where majority of population living below poverty line and its also highlighting the importance of SDG goals which aim for social justice and equality.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes Title seems good	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract seems good but author can add methodology section too in abstract so study will become more authentic and valid	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Scientific correctness of manuscript is satisfactory but to improve structure of manuscript author can add discussion part before conclusion so it will become more suitable for readers to understand topic.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. =	Yes reference are good and very recent too but I suggesting author too check reference style once more to make sure that they are in following proper journal guidelines or not	

### Review Form 3

Minor REVISION comments		
<b>Is the language/English quality of the article suitable for scholarly communications?</b>	Yes language is good and communicable	
<b>Optional/General</b> comments	Manuscript seems relevant according to current situation and suits for third world countries as well as fulfilling to provide mental health access to each and every section of society but apart from this if author can add methodology section in study then it will be more authentic and reliable for readers so I suggesting to add methodology section if possibleN	

### **PART 2:**
