

Review Form 3

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_126680
Title of the Manuscript:	Assessment of association of Tephritids with different fruits and vegetables in Terai Agro Ecological Region of West Bengal
Type of the Article	

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	<p>Good work by the author. This article would be practically useful to prevent flies infestation in fruits and vegetables with novel pheromone techniques.</p> <p>This work would help to increase the yield and have a higher turnover in this field.</p>	Thank you.
Is the title of the article suitable? (If not please suggest an alternative title)	YES	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	YES	
Are subsections and structure of the manuscript appropriate?	YES	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	<p>A comparative work on Tephritids flies infection is appropriate. But still the author could have given a comparative table and figure for the extent of species infestation inn trap and the fruit and vegetable for each species. So that a detailed picture of the species infection in each field would have been more clear.</p>	Okay noted
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	YES	

Review Form 3

Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	YES	
Optional/General comments	The author could follow this article to give a still more clear picture on each species infection in different fields. https://www.researchgate.net/publication/382013176_Tephritid_diversity_under_terai_agro_ecological_region_of_West_Bengal	This has been included.

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
