PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This review article is exploring the potential of organic mineral fertilizers to improve crop yield and quality. The exclusive dependence of either organic or inorganic fertilizers has not adequately fulfilled the increasing demands for enhanced agricultural output and quality. By incorporating the advantages of organic and inorganic inputs, they provide a balanced, sustainable, and efficient strategy to address growing demands for food production.	
Is the title of the article suitable? (If not please suggest an alternative title)	Exploring the Potential of Organic Mineral Fertilizers to Improve Crop Yield and Quality: A Review
