PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Diabetes is a lifestyle disorder and a major concern worldwide. It can be better treated naturally. Moreover, allopathic doesn't have any concrete solution for it. Hence, plant-based products and nutraceuticals are the best candidates to prevent, treat and cure diabetes. <i>Launaea taraxacifolia</i> has shown antidiabetic properties. More research is needed to showcase the antidiabetic and antioxidant activity of such miraculous herbs.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Its suitable for the article.
