

Review Form 3

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_127751
Title of the Manuscript:	Diversity of family Scytonemataceae from the Wayanad district, Western Ghats regions of Kerala, India.
Type of the Article	Original Research Article

General guidelines for the Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guidelines for the Peer Review process, reviewers are requested to visit this link:

Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Scytonemataceae group of algae are interesting and its dominancy in this area helps scientist for further investigations.	
Is the title of the article suitable? (If not please suggest an alternative title)	Diversity of family Scytonemataceae (Cyanobacteria) from the Wayanad district, Western Ghats regions of Kerala, India	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Write the name of algae new to Kerala and India.	
Is the manuscript scientifically, correct? Please write here.	Yes. Write "Key to the species" before starting taxonomic description of algae. 13 sampling sites are not clearly seen in the map, manage them. In study area, give brief description of 13 sites with geographical position, elevation etc. In result, move the initial part (see comment in the text) to Introduction section. Arrange scientific names in alphabetical order while describing them. Some algae have recent names, mark them. Check the authors name and year for algae.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes, they are sufficient and recent. Write or arrange all the reference in alphabetic order. Do not use numbers. So many references have DOI available, please add them.	
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
