Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Mental and physical health also related to extracurricular school activities for both boys and girls that lead to peace keeping/making at educational institutions. Therefore, the topic of research is thought provoking and helpful for school managements to promote extracurricular activities at school level especially for girls students.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title of this study I think little lengthy that distract readers and future researcher. The title must be eye catching and clear for the readers. The title may improve in this way if research board suggested as per journal policy: <ul style="list-style-type: none"> INFLUENCE OF CULTURAL NORMS/PRACTICES ON GIRLS' EDUCATIONAL EXTRACURRICULAR ACTIVITIES IN SCHOOLS: A CASE STUDY OF KOROGWE DISTRICT, TANZANIA. 	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Self-write the research problem in abstract rather with references. Abstract is a brief description of study that give a picture of a whole study perspective, therefore more focused on to express study problem in start of abstract later the main objective/aim and method that is nicely written in abstract along with future suggestions.	
Are subsections and structure of the manuscript appropriate?	Structure of manuscript is appropriate but i think the researcher should follow APA style for little improvement.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	<ul style="list-style-type: none"> I think introduction need to improve add more relevant information, highlight research problem which researcher wants to explore. Researcher should follow APA writing style for paragraphs, tables and references also. Methodology may need to be improved if add some headings of the procedure/sampling/method to make it more presentable and expressive. Thematic analysis portion also not clear, need to improve with a table of qualitative themes/codes that generated through qualitative analysis. May need to improve discussion portion of the study 	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	
Minor REVISION comments	Need little improvements	
Is the language/English quality of the article suitable for scholarly communications?		
Optional/General comments	Overall, the research topic is interesting and recent. With little improvement in structure and writing style this research paper will be a good contribution to the scholarly literature on women in sports for maintain gender equality and peace building in educational institutions especially at school level.	

PART 2:
