Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The rarity of subgaleal hematoma has been highlighted in the case report. Subgaleal hematomas are common after vacuum assisted deliveries in neonates. Thus, being vigilant about such hemorrhage in blunt trauma to head is also important.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title is appropriate	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract is comprehensive. Includes points of case report well.	
Is the manuscript scientifically, correct? Please write here.	Yes. Manuscript is scientifically correct	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References are all recent except the last one which is from 1986.	
Is the language/English quality of the article suitable for scholarly communications?	Yes. Vocabulary and grammar is correct	
<u>Optional/General</u> comments	It is a well written case report, highlighting a rare entity managed in a resource limited setting	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
