

Review Form 3

Journal Name:	Asian Journal of Food Research and Nutrition
Manuscript Number:	Ms_AJFRN_128134
Title of the Manuscript:	Nutritional Evaluation of Bread produced from orange-flesh sweet potato flour, Starch, and residue flour
Type of the Article	

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Using the flour by using the said composition offering a richer source of fiber, vitamins, and minerals compared to refined flour which also reduced the glycemic index of food which ultimately leads to disease prevention. It supports better digestion, helps regulate blood sugar levels, and provides sustained energy. Additionally, using multigrain flour promotes a more balanced diet, enhancing overall health and reducing the risk of chronic diseases.	
Is the title of the article suitable? (If not please suggest an alternative title)	Current title is also good but can be modified to (Nutritional and Functional Properties of Bread Incorporating Orange-Flesh Sweet Potato Flour and its Byproducts")	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract is not clear, and concise. writing is overly complex or technical for the intended audience and it should strike a good balance between depth and readability.	
Is the manuscript scientifically, correct? Please write here.	Yes articles present information in a logical and structured manner	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References are outdated and no new reference added. Need to add the recent references	
Is the language/English quality of the article suitable for scholarly communications?	yes	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
