

Review Form 3

Journal Name:	European Journal of Nutrition & Food Safety
Manuscript Number:	Ms_EJNFS_128196
Title of the Manuscript:	Evaluation of Physical, Textural, Colour and Sensory Attributes of Multi-Millet Based Composite Flour Cookies
Type of the Article	Original Research Article

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The manuscript holds significant importance for the scientific community as it provides insights into the functional and sensory attributes of multi-millet-based composite flour cookies, a novel approach to incorporating diverse and nutritionally dense grains into baked products. By exploring the effects of millet substitution on physical, textural, and sensory properties, the study addresses the growing interest in millet utilization for developing healthier, gluten-free, or reduced-gluten alternatives. It offers valuable data on how specific blends impact consumer acceptability and product quality, contributing to innovations in functional food design.	
Is the title of the article suitable? (If not please suggest an alternative title)	No, original title is effective, especially in academic contexts.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The current abstract is generally well-structured but could benefit from some additions and modifications to make it more comprehensive. <ul style="list-style-type: none"> • Add a clear opening statement about the research objective/purpose • Suggested addition at the beginning: "This study aims to develop nutritionally enhanced cookies using multi-millet flour blends while maintaining acceptable quality characteristics." 	
Is the manuscript scientifically, correct? Please write here.	The manuscript is generally scientifically sound, but there are several areas that need to be reviewed <ul style="list-style-type: none"> • For preparation of cookies flow chart would be preferable. • Conclusion: Should include specific recommendations for future research. Need to address limitations of the study. 	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	No	
Is the language/English quality of the article suitable for scholarly communications?	yes	
<u>Optional/General</u> comments	no
