Title of the Manuscript:	Delving into the Fascinating Realm of Biofilm Forming Bacteria: A Review
Type of the Article	Review Article

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Provides a valuable review of bacterial biofilms, emphasizing their healthcare and environmental significance. It is relevant and timely but could include more discussion on emerging therapeutic strategies.	
Is the title of the article suitable? (If not please suggest an alternative title)	It is suitable	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is clear but should mention clear challenges and emerging therapies to enhance impact.	
Are subsections and structure of the manuscript appropriate?	The structure is logical, though redundancy in extracellular matrix discussions should be minimized.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Sound with strong references. Adding more on unresolved questions and advanced therapies would improve it.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References are sufficient. Including work on quorum sensing inhibitors and bacteriophage therapy is recommended.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Clear, but some informal phrases need revision for an academic tone.	
Optional/General comments	Add future research directions to enhance the manuscript's depth.
