

Review Form 3

Journal Name:	Journal of Advances in Medicine and Medical Research
Manuscript Number:	Ms_JAMMR_128284
Title of the Manuscript:	INVESTIGATION OF ANTIFUNGAL SUSCEPTIBILITY PROFILE IN FUNGI ISOLATED FROM PATIENTS WITH CHRONIC WOUNDS
Type of the Article	Short communication

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Fungi are now emerging as a cause of wound infections, knowing about fungal etiology and their AST pattern is crucial in Specific management of these patients.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes	
Is the manuscript scientifically, correct? Please write here.	Yes
