Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.		
Is the manuscript scientifically, correct? Please write here.		
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.		
Is the language/English quality of the article suitable for scholarly communications?		
<u>Optional/General</u> comments	<p>After the review of this manuscript, the following suggestions are given to the researcher:</p> <ol style="list-style-type: none"> <li>1. This manuscript is a good piece of research work but some typographical errors are in the manuscript.</li> <li>2. Organize the paper more logically, ensuring a smoother flow between sections.</li> <li>3. Elaborate on how the findings align or contrast with existing literature in your discussion.</li> <li>4. Proofread the paper to fix grammatical errors, typos, or formatting inconsistencies.</li> <li>5. Ensure the references are up-to-date, especially for rapidly evolving fields.</li> <li>6. Cut your methodology and result sections short because it's an 18-page research paper.</li> </ol>	

**Review Form 3**
