Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The topic can add the diversity of update knowledge about meal skipping and poor eating habit. There are still a lot of people skip meal and have bad eating habit. The study aims to know socio economy factors from those variables	
Is the title of the article suitable? (If not please suggest an alternative title)	The title can be used actually, but from the manuscript the analysis is not clear. From the Table 2 it mention prevalence of meal skipping and poor eating habits but there is no data about percentage. From the table its mention "mean" and from the "mean" authors conclude that the highest mean as factors of meal skipping and poor eating habit.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	This study aimed to explore the relationship between socio-economic factors, meal skipping and poor eating habits among Ghanaian adolescents The term "explore" usually used on qualitative study... since the study use correlation analysis, the author can write = aimed to assess the correlation of.....	
Is the manuscript scientifically, correct? Please write here.	Not yet Major revision : explain the methodology, result Details on the comment in manuscript document	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	
Is the language/English quality of the article suitable for scholarly communications?	Yes, but to make it more qualified please go to institution/person who are capable in English and get certification formally (proof reading/translation)	
Optional/General comments	Please use citation manager	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
