(If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1. Yes, the manuscript is important for scientific community. It has enlightened us on the changes in soil nutrient and productivity in the foot hill of eastern ghat with organic farming. It has also enriched the idea on livelihood development by increasing the net income of the farmer through the intervention of improved technology in organic farming.</p> <p>2. The title is very much generalized. It may be given as “Organic Farming at Eastern Ghat Hill – A Boon to Tribal Farmers”.</p> <p>3. Yes, the abstract is comprehensive.</p> <p>4. Subsection and structure of the manuscript are appropriate.</p> <p>5. Yes, it is scientifically correct.</p> <p>6. References are not sufficient. Try to incorporate more references of north eastern hilly region of India</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>1. Yes,</p>	
<p>Optional/General comments</p>	<p>Language quality is moderately ok. Try to make it simple and lucid for more dissemination of the literature among the farming community and policy makers.</p>
