If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Of course it is. Climate change is affecting all environments globally, melting ice in Antarctica and the Arctic, severe droughts/floods on all continents and extreme temperatures are wreaking havoc. It is very important that in the face of these adversities, studies on medicinal plants are developed, as they help us to combat them.</p> <p>Yes</p> <p>Yes</p> <p>Yes</p> <p>Yes</p> <p>Yes</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Yes</p>	
<p>Optional/General comments</p>	<p>The review article is very complete. It contains a large literature review. It contains many points integrated with physiological analysis, morphological and uses in medicinal plants and how they are affected by global warming. However, I have made some small suggestions in some paragraphs. Among them I can mention some issues of form and the addition of scientific names in sentences that have common names, so as not to give rise to misinterpretations.</p>
