<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Yes</p>	
<p>Optional/General comments</p>	<p>The work is very efficient however I have some suggestions/queries. Such as</p> <ol style="list-style-type: none"> 1. What is the target group who will consume the herbal tea? Specify the age group. 2. What is the method used for the evaluation of the acceptability index? 3. In the first experiment, the phenol content of T₅ and T₄ was higher than T₇ and T₃ and T₃ has a low ascorbic acid comparison T₅ and T₄. So has it been chosen based on sensory evaluation only? 4. How much consumption per day is safe?
