<p><b>Minor</b> REVISION comments</p> <p>1. <b>Is language/English quality of the article suitable for scholarly communications?</b></p>	<p>Yes</p>	
<p><b>Optional/General</b> comments</p>	<p>Please adhere to the following guidelines for the purpose of clarity and consistency in writing.</p> <ul style="list-style-type: none"> <li>• Firstly, when introducing an acronym or abbreviation, write its full form followed by its initials.</li> <li>• Secondly, when referring to an element for the first time, write its name and subsequently its symbol in brackets, and continue using the symbol thereafter.</li> <li>• Lastly, when referring to a,b,c, and d in Tables 1 to 5, please specify their representations below the respective table.</li> </ul> <p>These guidelines are crucial in maintaining coherence and ensuring that the writing is easily comprehensible.</p> <p>I have conducted a thorough review of the delicate paper and am pleased to report that it has been well prepared. However, I would like to draw your attention to some key points that require careful consideration. It is essential to adhere to the following guidelines to ensure clarity and consistency in writing:</p> <p>1. When introducing an acronym or abbreviation, it is important to write its full form followed by its initials.</p> <p>2. When referring to an element for the first time, the name should be written in full, followed by its symbol in brackets. Subsequently, the symbol should be used.</p> <p>2. When referring to a, b, c, and d in Tables 1 to 5, it is recommended to specify their representations below the respective table.</p>
