

Review Form 1.7

Journal Name:	Asian Journal of Case Reports in Surgery
Manuscript Number:	Ms_AJCRS_113847
Title of the Manuscript:	Chondromyxoid fibroma involving the sphenoid sinus: Case report and literature review
Type of the Article	Case study

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>The article provides a thorough review of existing literature on chondromyxoid fibroma (CMF), including case reports and treatment outcomes. This extensive literature review enhances the understanding of the rarity of CMF and its varied presentations.</p> <p>Yes</p> <p>Yes. It highlights important clinical considerations, such as differential diagnosis, treatment options, and the importance of accurate histopathologic assessment. These insights are valuable for clinicians involved in the management of patients with CMF, especially in rare locations like the paranasal sinuses.</p> <p>Standardization of References: The references section contains some inconsistencies in citation styles. Ensuring uniformity in citation format (e.g., APA or Vancouver style) would enhance the overall professionalism of the article.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>		
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
