	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>The manuscript is not suitable for publication yet.</p> <p>Topic is important. Method is interesting.</p> <p>No, references are not ready. No, abstract is not comprehensive. Text is not an easy-read. Results are not clear.</p> <p>References are few - should there be broader scale of studies and active discussion with them? Why is differentiation between rural and urban kids important?</p> <p>In the abstract, the key results are not easy to understand.</p> <p>Title needs consideration: ECCE does not tell much to all readers?</p> <p>Text needs language checking before being offered to english-speaking community</p> <p>In the text, there are unclear definitions: "Preschool-age children begin to communicate about their emotions and the emotions of others. It includes.." -> what is IT? Theory of emotion regulation needs to be considered more in depth, also in order to reason the use of this specific method.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	No	
Optional/General comments
