

Review Form 1.7

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_108734
Title of the Manuscript:	Analysis of reference Evapotranspiration trends for crop-water requirement estimation in Manipur
Type of the Article	

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> Is the manuscript important for scientific community? (Please write few sentences on this manuscript) Is the title of the article suitable? (If not please suggest an alternative title) Is the abstract of the article comprehensive? Are subsections and structure of the manuscript appropriate? Do you think the manuscript is scientifically correct? Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Comments:</p> <ol style="list-style-type: none"> As for agricultural productivity, understanding and adopting technologies that improve water use efficiency in crop production is essential to achieving efficient agricultural production in resource-constrained settings. The study provides farmers with practical, data-based recommendations that they can use to decide how and when to irrigate their crops for optimal yield and resource efficiency. Though the findings are based on the specific context of Manipur, the methodology and conclusions of the study can provide a framework for similar studies in other regions, especially in areas where ETo needs to be considered. <p>Reference Evapotranspiration</p>	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> Is language/English quality of the article suitable for scholarly communications? 		
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
