

Editor's Comment:

"Macroeconomic Factors that Influenced the Nigerian-Naira Exchange Rate Fluctuations (1981-2021) (now: The Impact of Macroeconomic Factors on Nigerian-Naira Exchange Rate Fluctuations (1981-2021)) is a manuscript that uses a classic tool to investigate a problem classic. However, it is written with scientific rigor and scrupulousness, also having a methodological character. In its present form it can be published in AJPAS.
