

Editor's Comment:

As an Academic Editor, I found that the Revised manuscript number (2024/JAMMR/112880) entitled :
"Clinical Features And Functional State Of The Adrenal Cortex And Thyroid Gland In Children With Covid-19 During The Recovery Period" become now globally and technically improved.

The work investigated and well review the clinical and functional states of thyroid gland and adrenal cortex in children affected by covid-19 that could have an important impact on Public Health.

As an Academic Editor, and considering the importance of investigations and the improved minors revisions of manuscript for the scientific community,

I ACCEPT this manuscript for Publication in our Journal of Advances in Medicine and Medical Research.
