

Review Form 1.7

Journal Name:	Journal of Engineering Research and Reports
Manuscript Number:	Ms_JERR_112937
Title of the Manuscript:	A Multi-Stakeholder Perspective on the Limitations of Implementing Artificial Intelligence in Highway Transport
Type of the Article	Original Research Article

Review Form 1.7

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p><b>Compulsory</b> REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>The manuscript appears to be important for the scientific community as it addresses the multi-stakeholder perspective on the limitations of implementing Artificial Intelligence in highway transport. Understanding the challenges and perspectives of various stakeholders is crucial for the successful integration of AI in transportation systems.</p> <p>The title "A Multi-Stakeholder Perspective on the Limitations of Implementing Artificial Intelligence in Highway Transport" seems suitable as it clearly conveys the focus of the research. An alternative title could be "Challenges and Perspectives in Implementing AI in Highway Transport: A Multi-Stakeholder Analysis."</p> <p>The abstract appears to be comprehensive as it provides a clear overview of the research paper, including the focus, methodology, and key findings related to the limitations of implementing AI in highway transport.</p> <p>The subsections and structure of the manuscript seem appropriate, as they address technical limitations, regulatory barriers, and ethical considerations, providing a well-organized framework for the analysis.</p> <p>Yes</p> <p>Yes</p> <p>Suggestions for Improvement:</p> <ol style="list-style-type: none"><li>1. Provide more detailed insights into the survey methodology.</li><li>2. Incorporate additional recent studies or developments in the field.</li><li>3. Expand the limitations section to include potential limitations of the study itself.</li><li>4. Provide more detailed explanations for specific recommendations in the conclusion.</li></ol>	<p>All review comments have been adequately attended to.</p>
<p><b>Minor</b> REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>The language and English quality of the article are suitable for scholarly communication. The text is clear, well-structured, and free from major grammatical errors.</p>	
<p><b>Optional/General</b> comments</p>		

Review Form 1.7

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
