If you have suggestion of additional references, please mention in the review form.</b></li> </ol> <p><b>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</b></p>	<ol style="list-style-type: none"> <li>1. <b>This study's findings can be used to develop key messages for a variety of educational programs. As a result, proper food safety education and hands-on training for food workers should be provided so that good safety practices can be improved through better understanding and a positive attitude. Hence, this manuscript is important for scientific community.</b></li> <li>2. <b>The title of this article is suitable.</b></li> <li>3. <b>The abstract is comprehensive.</b></li> <li>4. <b>Appropriate subsection and structure.</b></li> <li>5. <b>Yes, it is scientifically correct.</b></li> <li>6. <b>I think the references are updated but not sufficient.</b></li> </ol> <p><b>Discussion</b> A paragraph for discussion should be added separately, where this work can be compared to existing publications and referenced.</p>	
<p><b>Minor</b> REVISION comments</p> <ol style="list-style-type: none"> <li>1. <b>Is language/English quality of the article suitable for scholarly communications?</b></li> </ol>	<p>YES</p>	
<p><b>Optional/General</b> comments</p>	<p><b>Introduction</b> Italicize all the scientific names (according to standard) used in this Manuscript. For example, Escherichia coli.</p> <p><b>Discussion</b> A paragraph for discussion should be added separately, where this work can be compared to existing publications.</p> <p><b>Results</b> It was observed that the SPSS frequency histograms had no title. Titles should be added for all. Under the Age Histogram: fig 2 : Begin with capital letter, remove space after 2 and add title and if possible also add a legend. Under the Education Histogram: fig 4: Begin with capital letter, add title. Under the Experience: Fig 5 : Remove the space after 5 and add a title. Under the Employment Histogram: fig 6 : Begin with capital letter, remove space and add title. Under the Training Histogram: name it Figure 7: add title. Fig 1-7 : Remove space after 7</p> <p><b>Referencing style</b> Generally, the number of references provided tend to be small for this work. The referencing style used in the provided citations appears to be a mix of styles commonly used in scientific and academic writing. The American Psychological Association (APA) style was used mostly in this manuscript, however, the format for APA was not correctly employed.</p>	

**Review Form 1.7**

	<p>In-text citation: Under Introduction in line 6 add a comma after FAO in (FAO 2020).</p> <p>References Last line of references. May 30;139 Suppl 1: S16-28. Change font size to "12"</p> <p>The references ought to follow the intended correct format for APA. For example, The reference entry includes the authors' names, publication year, title of the article (in sentence case and italicized), title of the journal (in title case and italicized), volume number (in italics), issue number (in parentheses), and the page range. Additionally, the DOI (Digital Object Identifier) should be provided.</p>
