

Editor's Comment:

According to the revised paper and the reviewers comments, the paper can be accepted for publication.

Although, I'd like to suggest to the authors to reformulate the title because the revised version is too long. My suggestion is:

Determinants of Repayment for Youth Development Fund Loans in Tanzania

In the Abstract is mentioned the fact that the study covers the Butiama District of the Mara Region. Thus, it is not necessary to mention in the title.
