Manuscript Number:	<b>Ms_IRJGH_112824</b>
Title of the Manuscript:	<b>Expert opinion on the prescription practice of proton pump inhibitor for the treatment of gastroesophageal reflux disease</b>
Type of the Article	<b>Original Research Article</b>

**PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</b>
<p><b>Compulsory</b> REVISION comments</p> <p>1. <b>Is the manuscript important for scientific community?</b> (Please write few sentences on this manuscript)</p> <p>2. <b>Is the title of the article suitable?</b> (If not please suggest an alternative title)</p> <p>3. <b>Is the abstract of the article comprehensive?</b></p> <p>4. <b>Are subsections and structure of the manuscript appropriate?</b></p> <p>5. <b>Do you think the manuscript is scientifically correct?</b></p> <p>6. <b>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</b></p> <p><b>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</b></p>	<p><b>Study is beneficial and interesting to read.</b></p> <p><b>In my opinion it should be like "to evaluate the significance of rabeprazole use over other PPI drugs in Indian clinical settings"</b></p> <p><b>Objectives of study need to be re write. Divide objectives into two parts. To identify the ideal therapeutic option for GERD. 2. To evaluate the significance of rabeprazole use. Rest of abstract is fine.</b></p> <p><b>Structure is appropriate.</b></p> <p><b>Yes study is scientifically sound.</b></p> <p><b>Number of references is sufficient.</b></p>	
<p><b>Minor</b> REVISION comments</p> <p>1. <b>Is language/English quality of the article suitable for scholarly communications?</b></p>	<p>Language quality is appropriate and readable.</p>	
<p><b>Optional/General</b> comments</p>	<p>Overall it is an interesting study. Where the many clinicians are still prescribing older PPIs this study will provide them new therapeutic strategy for treatment of GERD. However author should also mention cost effectiveness of rabeprazole prescription and also the combination therapy in the study. Study should be published.</p>	

**PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</b>
<p><b>Are there ethical issues in this manuscript?</b></p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
