(If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>1. Yes, the article is well-written and provides a comprehensive overview of the relationship between educational attainment and unemployment in Nigeria.</p> <p>2. Yes</p> <p>3. Yes. The article is well-organized and easy to read.</p> <p>4. The authors use a variety of data sources and employ a sound methodology to analyse their findings. However, the article could be strengthened by providing more specific recommendations for policy interventions.</p> <p>A. The authors use a variety of data sources, including the National Bureau of Statistics (NBS), the Central Bank of Nigeria (CBN), and the World Bank Development Indicator.</p> <p>B. The authors employ a sound methodology, using the autoregressive bounds test approach to analyse their findings.</p> <p>C. The findings of the article are consistent with previous research on the relationship between educational attainment and unemployment in Nigeria.</p> <p>D. The article does not provide a clear definition of "unemployment."</p> <p>E. The article does not discuss the potential impact of other factors, such as population growth and economic growth, on unemployment in Nigeria.</p> <p>F. The article does not provide specific recommendations for policy interventions.</p> <p>5. Yes.</p> <p>6. No, references are too old. References from years 2022 and 2023 are not part of the study.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Grammar mistakes are also there. Which should be rectified through proof reading.</p>	
<p>Optional/General comments</p>	<ul style="list-style-type: none"> The authors should provide a clear definition of "unemployment" in the introduction of the article. The authors should discuss the potential impact of other factors, such as population growth and economic growth, on unemployment in Nigeria. The authors should provide specific recommendations for policy interventions, such as increasing funding for education and providing more vocational training opportunities.
