Journal Name:	Asian Journal of Advanced Research and Reports
Manuscript Number:	Ms_AJARR_112883
Title of the Manuscript:	Corruption Menace in Building Construction Industry in Nigeria: Causes and Remedies
Type of the Article	Original research

Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The topic of the research is practical and contemporary</p> <p>The Title is adequate</p> <p>The abstract is adequate. It mentions the objective of this study, then the methodology followed by sampling and sample size, and the results. Needs proofreading [see suggestions]</p> <p>Keywords are adequate</p> <p>NOTE: Citations need to be numbered as they first appear in the text. Therefore, a new numbering is needed as shown on the left of your numbers. In addition, your references were not numbered???</p> <p>Paper needs restructuring by renumbering all the sections.</p> <p>The introduction is adequate and validated with reported research or references to validate the concepts. Overall, this section is adequate to build on the next parts of the research with clarity of purpose.</p> <p>The review of empirical research is adequate and validated.</p> <p>The methodology is not complete, missing several sections to be added [See attached Manuscript]</p> <p>The approach, the sampling and Sample size, the questionnaire design, and the modelling are all missing... Data analysis is suggested but needs to be added to the inferential analysis...</p> <p>However, The modelling and hypotheses are fine.</p> <p>The results section needs reorganization as shown in attached document. These are Good to support the discussion.</p> <p>The discussion is adequate, clear, and streamlined. It is validated by the reported literature. However, needs proofreading and editing [see suggestions in the attached Manuscript]</p> <p>The conclusion and recommendations are adequate. Limitations are not reported???. Must add</p> <p>You did not number the references and therefore, it is a mess...You need to follow the numbers I reordered for you based on first time appearance in the text? So, your numbers must be removed and keep the numbers on the left which you will match with your references???.Proofreading is needed [see suggestions]</p>	
Minor REVISION comments		
Optional/General comments
