

Review Form 1.7

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_113251
Title of the Manuscript:	Exploring microeconomic dynamics and challenges in vegetable-based farming system
Type of the Article	Original Research Article

Review Form 1.7

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>It might be important if the author rewrite it</p> <p>It is not suitable</p> <p>More or less</p> <p>No</p> <p>No, the introduction and the section methods are poor</p> <p>I did not check</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>There is need to edit the manuscript</p>	
<p>Optional/General comments</p>	<p>Poor Introduction.</p> <p>The introduction should define the state of the art of the topic of the manuscript. What is the topic of this manuscript? What is the theoretical background of this area of research? How did the different researchers approach this kind of topics? What constraints faced the different researchers in this area of investigations?</p> <p>What your research is supposed to add to the scientific knowledge of this area of research dealing with farming systems? Can you come up with a conceptual model about your research?</p> <p>In the introduction you should state clearly your main questions, your global objective, your hypothesis.</p> <p>POOR Section of Methods.</p> <p>In this section, you should:</p> <ol style="list-style-type: none"> 1) Present and describe the study area? 2) Present how you did your sampling, criteria of selection of farms? 3) How did you run your surveys, questions asked to farmers? 4) How did you collect the data? 5) How did you analyse the data? What software did you use? 6) And so on
