If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>YES, Growing media plays important role in germination of seeds. The good growing media also enhances early germination of seeds. That's why nursery man always focuses on good quality growing media. The cow urine is also also source of nutrition and auxin which also facilitates the early germination of seeds. The topic of research is important for propagation of papaya.</p> <p>The title needs some modifications like author uses only cow urine as organic liquid. So title confuses the reader about the use of liquid. Instead of writing organic liquid, it must clearly be "COW URINE"</p> <p>Yes.</p> <p>Yes</p> <p>Yes. Some corrections are required. Author should clear with material and methods that how they prepare media composition. It is written only 1:1:1 which does not clear that whether it is V/V or W/W. In case of economics there is some misprinting e.g instead of Rs they uses ₹. In material and methods author doesn't clear how much dilution is needed for cow urine.</p> <p>Yes.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	Good
