

## Review Form 1.7

|                          |  |
|--------------------------|--|
| Journal Name:            | <a href="#">International Journal of Biochemistry Research &amp; Review</a>  |
| Manuscript Number:       | Ms_IJBCRR_113162   |
| Title of the Manuscript: | Relationship between the WASH, morbidity, and childhood undernutrition among the Wogo, an island community in western Niger. |
| Type of the Article      |  |

### PART 1: Review Comments

|   | Reviewer's comment   | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|---|--|---|
| <p><b>Compulsory</b> REVISION comments</p> <p>1. <b>Is the manuscript important for scientific community?</b><br/>(Please write few sentences on this manuscript)</p> <p>2. <b>Is the title of the article suitable?</b><br/>(If not please suggest an alternative title)</p> <p>3. <b>Is the abstract of the article comprehensive?</b></p> <p>4. <b>Are subsections and structure of the manuscript appropriate?</b></p> <p>5. <b>Do you think the manuscript is scientifically correct?</b></p> <p>6. <b>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</b></p> <p><b><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></b></p> | <p><b>Yes.</b><br/>The research work aligns with the objectives of improving WASH and general good public health</p> <p><b>Yes</b><br/>However, I prefer if it could start with the article "The"</p> <p><b>Yes</b><br/>The abstract effectively summarized the work succinctly</p> <p><b>No</b><br/>The numbering should be numbers e.g. 1. Introduction and the subsections should be decimals. E.g. 2.1 Study Area</p> <p><b>Yes.</b> It agrees with the general requirement of a scientific paper</p> <p>Yes. The references are very adequate for an original research work</p> <p>In the tables, p should be p-value,<br/><b>IV.3.1. WASH and child morbidity; This should be checked and written well</b><br/><b>Table 4 should be produced very well to conform to clarity, especially the part "Time to wash your hands with soap"</b><br/>Table 5,6,7,8 should have a best way of representing Roman numerals in the table</p> |   |
| <p><b>Minor</b> REVISION comments</p> <p>1. <b>Is language/English quality of the article suitable for scholarly communications?</b></p>  | <p>Generally, the paper is readable with just a few grammatically expressions that needs to be looked at.<br/>The English is good for scholarly communications</p>   |   |
| <p><b>Optional/General</b> comments</p>   | <p>None</p>  |   |
