<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>Yes, the research may provide insights into the issue of Teachers' creativity which may benefits the teaching and learning in the filed of ELT</p> <p>The title is ok but it should be adjusted to "Teachers' Creativity"</p> <p>The abstract is ok but quite short => need to include more descriptions (the rationale for this research, methodology, results and discussions). Some recommendations withdrawn from the current research should be stated here.</p> <p>Not really. Theoretical foundation should be included so as to pave the way for the methodology, results and discussion parts subsequently. What's more, discussion and recommendations should be added to provide general views of the study and for further research. Some parts in the writing should also be changed the positions to make it more logical.</p> <p>The paper can contribute knowledge to ELT field. However, academic writing, theory, citation and others (as I commented) should be carried out to enhance the quality of the paper</p> <p>The references should be checked again as I does not completely follow the APA citation.</p> <p>The author can reference some materials:</p> <p>1 - Creativity and Innovations in ELT Materials Development: Looking Beyond the Current Design</p> <p>2 - Unlocking Creativity : A Teacher's Guide to Creativity Across the Curriculum</p> <p>3 - Igniting Creativity in Gifted Learners</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>-Not really. It should have major changes so as to improve academic writing and make sense (meaning). Also, theory should be added to establish strong foundation for the research</p>	
<p>Optional/General comments</p>	<p>-Some reapeating phrases should be deleted and checked carefully before submitting</p>
