

Review Form 1.7

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_ IJECC_110646
Title of the Manuscript:	Fight Against Hidden Hunger: Boosting Zinc in Potato through Biofortification in Calcareous Soil of Bihar
Type of the Article	Full length

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>1. Yes. The manuscript is important as we always neglect about the importance of micronutrients. Hence such articles will provide the information how crop loss takes place with lack of micronutrients</p> <p>2. The title- Fight against hidden hunger was not suitable. The abstract should contain some relevant background related to the title. There is no suitable sentences in the abstract. Try to add background of your work and mention about the problem with few sentences in the abstract. Your abstract should be the brief of your whole paper.</p> <p>3. No</p> <p>4. No</p> <p>5. Yes</p> <p>6. The references mentioned are not recent. The references should not be older than 10 years.</p> <p>The paper should contain the relevant background of why the paper is so important. The introduction part was not relevant and the author should add more information related to agriculture and importance of zinc and problems if deficiency arises. The author should add the problem and solution briefly in abstract and by elaborating in introduction part.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>1. The author should maintain some English grammar to enhance the quality of the article</p>	
<p>Optional/General comments</p>	<p>The author should maintain some English language in the article. I appreciate that the author wrote and explained in his own words. To enhance and for better reach of the article, the author must need to rewrite the mentioned paragraphs</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
