<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>In this manuscript the authors have tried to modify the microscope lamp with the external light source using emergency light and cell phone in the absence of electrical supply. Although the topic is too general for the readers yet it incorporates some usefulness. The idea of the article is good and the topic is important. However, the reported article requires improvement and revisions. Manuscript is poorly written and lacks lot of literature work in this field.</p> <p>Title of the manuscript is not appropriate and it needs to be change. I suggest an alternative title as " Microscope light modification by external source in absence of power supply"</p> <p>No,</p> <p>Yes, it looks good.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>It needs improvement.</p>	
<p>Optional/General comments</p>	<p>I recommend the manuscript for publication after major revision.</p>
