	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Academic performance is crucial among secondary school students because this age is very pivotal for the direction of their minds. Hence, the need for continuous assessment is essential to help shape the students, as they are the ones who will shape the future.</p> <p>Yes. It is suitable. May change like "Effect of Continuous Assessment on Academics Performance in Economics among Public Secondary Schools students in Owerri Municipal Council Nigeria" if needed</p> <p>The abstract is unstructured and could be improved by applying a more methodical flow.</p> <p>More subsections are provided after the introduction. They may be accepted if they adhere to the manuscript style.</p> <p>Yes, a cluster sampling technique could have been adopted instead of the simple random sampling technique. The conclusion should be concise.</p> <p>References are adequately cited; however, recent references are imperative.</p> <p>Continuous assessment may be correlated with summative assessment which may yield better insights into the effects of continuous assessment.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>The sentence is almost correct but could be slightly revised for clarity and grammatical accuracy:</p>	
<p>Optional/General comments</p>	<p>Need minor revision</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
