Manuscript Number:	Ms_AJRS_111491
Title of the Manuscript:	Are breast implants associated with an increased risk of Breast cancer?
Type of the Article	

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> Is the manuscript important for scientific community? (Please write few sentences on this manuscript) Is the title of the article suitable? (If not please suggest an alternative title) Is the abstract of the article comprehensive? Are subsections and structure of the manuscript appropriate? Do you think the manuscript is scientifically correct? Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>The topic is important.</p> <p>The title is inadequate as it fails to mention the type of review performed.</p> <p>The abstract could be better structured.</p> <p>The authors have followed the prescribed structure for a review article from the point of view of sections and subsections.</p> <p>The manuscript is not scientifically correct. For an adequate systematic or scoping review there has to be a Fig.1 and a structure showing the selection of articles utilised to perform the review. A synthesis of the results should be performed rather than a simple summary of results of selected articles.</p> <p>A tabular presentation of summaries of the selected articles with data relevant to the research question is expected in a literature review.</p>	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> Is language/English quality of the article suitable for scholarly communications? 	<p>The language is adequate and suitable</p>	
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
