

Review Form 1.7

Journal Name:	Asian Journal of Research in Biochemistry
Manuscript Number:	Ms_AJRB_111463
Title of the Manuscript:	Bonny Light Crude Oil Toxicity: Histopathological and Biochemical Disrupting Effects on Cardiac and Hepatocellular Tissues
Type of the Article	Original Research Article

PART 1: Review Comments

	Reviewer's comment:	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<ol style="list-style-type: none"> 1. Yes, it is, it discusses an important pollutant effect on major organs, so it effects life itself in many ways. 2. The title can be written as: Disturbing histopathological and biochemical toxic effects of Class A crude oil on cardiac and hepatocellular tissues. 3. No, the author should write more about the toxic oil. 4. subsections and structure of the manuscript are appropriate. 5. The manuscript will be more scientifically correct if the author can add more slides and effects of the oil with more tests. 6. The references should be more, glad to see that they are recent. 	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> 1. Is language/English quality of the article suitable for scholarly communications? 	<p>After correcting some words, the article will be suitable.</p>	
<p>Optional/General comments</p>	<p>In my opinion the paper has some shortcomings in regards to some data analyses and text, and I feel this unique dataset has not been utilized to its full extent, I appreciate the way this research was made, the paper is generally well written and structured, please consider writing the negative effects of the oil in an elaborative way on the environment, add gross section pictures of the organs and put a scale bar in the slides. sending my best wishes.</p>
