

**Editor's Comment:**

1. Title is of today's concern.
2. Abstract is explanatory.
3. Keywords are present.
4. The introduction is detailed.
5. Literature review is relevant.
6. Material is sufficient.
7. Findings and discussions are discussed in detail.
8. Conclusion and recommendations are significant.
9. References are enough.

I accept and **recommend** the article entitled "**Digital Technology Improving Financial Inclusion: Post Covid Evidence**" for **publication**.
