Authers should change the title and prefer the objective of this article. 2. They choose u-d quark, so they should introduce on 'quark' at the beginning of the article. 3. What is the main problem, it is not clear. It is seem to me that it is a short notes on plasma physics. 4. In many places, language is not clear and language quality is very poor. 5. In paragraph A.2, they mentioned that 'a_m' is real. If it is complex, then what would be? 	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>
