

Review Form 1.7

Journal Name:	International Journal of Plant & Soil Sciences
Manuscript Number:	Ms_IJPSS_111760
Manuscript Title:	EFFECT OF SOAKING AND BROWNING ON ANTINUTRIZING FACTORS OF QUINOA (Chenopodium quinoa)
Article Type	

PART 1: Review Comments

	Reviewer comments	Author's comments <i>(if approved by the reviewer, correct the manuscript and highlight that part in the manuscript. The author must write his response here)</i>
<p>Must REVISION Comments</p> <p>1. Is the manuscript important to the scientific community? (Please write a few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not, please suggest an alternative title)</p> <p>3. Is the article abstract comprehensive?</p> <p>4. Are the subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and up to date? If you have additional reference suggestions, please indicate them in the review form.</p> <p><u>(Apart from the 6 points mentioned above, reviewers are free to provide additional suggestions/comments)</u></p>	<p>This is important because quinoa is one of the nutritional foods to meet nutritional needs. Quinoa is a nutritional powerhouse, packed with protein, fiber, vitamins and minerals. However, it also contains certain compounds that affect nutrient availability. To overcome this, processing methods such as soaking and sprouting have emerged as effective traditional remedies</p> <p>The title submitted is appropriate</p> <p>The abstract is comprehensive</p> <p>Subsections and text are appropriate</p> <p>The manuscript is correct</p> <p>It's enough</p>	
<p>Minor REVISION Comments</p> <p>1. Is the quality of the article in language/English suitable for scientific communication?</p>	<p>In accordance</p>	
<p>Optional/General comment</p>	<p>It would be better if references were added in the form of a literature review</p>	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
