(If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1. Yes, the manuscript matches the field of agronomy as such it may be of interest to the broad readers of the journal.</p> <p>2. The title needs some modification. See attached file for my full comments and suggestions.</p> <p>3. The abstract was fairly written but it needs some little modification</p> <p>4. Yes, it's good</p> <p>5. Yes, it is.</p> <p>7. The references are not sufficient especially on the introductory section. The author should add more recent related research works in order to enrich the article</p> <p>The introductory section is scanty, no literature is cited and the statement of the problem as well as the research objectives were not written. More so the methodology is not clear enough to enable one understand the procedures involved in the research.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Yes, its good</p>	
<p>Optional/General comments</p>
