

Review Form 1.7

Journal Name:	International Journal of Biochemistry Research & Review
Manuscript Number:	Ms_IJBCRR_110398
Title of the Manuscript:	Association of Plasma Lipid Profile and Apolipoprotein with Coronary Artery Diseases, in Sana'a City, Yemen
Type of the Article	Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>1. Yes, the manuscript appears to be important for the scientific community as it addresses the significant issue of cardiovascular disease, focuses on early prediction of coronary artery disease, includes diverse study groups, employs comprehensive methods, and identifies potential risk factors. However, a more detailed review of the full paper is needed for a comprehensive assessment.</p> <p>2. Not need.</p> <p>3. The information provided seems to lack a concise abstract structure. It covers background, objectives, methods, results, and conclusions but could benefit from clearer organization. Including statistical significance, addressing limitations, and adhering to standard abstract conventions would enhance clarity</p> <p>4. Yes all are in right way.</p> <p>5. Yes</p> <p>6. Yes. Not need to add more references</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>The language quality of the article could be improved for scholarly communication. There are some grammatical issues and unclear statements that may affect clarity and precision. Attention to detail, proofreading, and clarification of certain points would enhance the overall quality of the manuscript.</p>	
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
