(If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>I have gone through the Manuscript: Exhaustive Review of Diabetes Mellitus Type 1 and Type 2 Control by Intake of Fruits in Diet. Overall the article is very poorly written and substantial revision is required:</p> <ol style="list-style-type: none"> 1. The article's format lacks a clear and organized structure for presenting scientific research. What is the Methodology as well as Inclusion/exclusion criteria of this review. 2. In the introduction, the study lacks sufficient rationale and fails to introduce any novel aspects. The section does not incorporate a scientific review of existing literature, present key findings from prior research, or justify the current study based on gaps in previous studies. 3. The overall study design, rationale, and limitations of the methodology remain unclear. 4. The Figure provided in your paper do not adhere with the ethical guidelines. The Images are taken from Google source without copyright permission. Therefore the Images used in Figure should be originally taken by authors. Or take the permission. Additionally, there should be at least one figure providing a mechanistic role of fruits on diabetes. 5. Discuss critically the strengths and weaknesses of reported studies. 6. Conclusion can be improved. 7. The article exhibits poor English grammar and faulty English literature, necessitating improvement. 8. Very less literature is covered. Recent relevant works should be cited, viz 10.1155/2022/8543881; 10.1155/2022/9106415; 10.1016/j.tifs.2020.10.020; 10.4103/2278-019X.151812; 10.2478/rjdnmd-2014-0041; 10.3389/fphar.2021.642300. 	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>The article exhibits poor English grammar and a few typo errors, necessitating improvement.</p>	
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
